

### Question 5 : Penny and the foxes

Penny the chicken is put in a maze that is set out in a grid pattern. Penny wants to reach the corn. It cannot leave the maze and also needs to avoid the foxes.

Stick the paper strips on to the band of the same colour so that Penny the chicken can reach the corn.

Attention: all the foxes need to be covered

The maze is a 5x6 grid. The start cell (bottom-left) contains a chicken icon. The goal cell (top-right) contains a corn icon. The grid has a 'Fixed wall' on the right side. There are fox icons in several cells. Below the grid are three rows of colored paper strips: pink, green, and yellow, intended to be used to cover the foxes.

	fox		fox		fox	corn
chicken	fox		fox		fox	

Fixed wall

Pink strips: 5 strips  
Green strips: 5 strips  
Yellow strips: 5 strips
