

**Epreuve 7 : Place ton bac d'abord**

**annexe**

In the college garden you can grow fruit, vegetables, flowers and herbs in individual pots.  
Each row and each alleyway will have exactly one of each type growing.  
All classes, the 3rd, 4th, 5th and 6th, want to grow every type.  
Some pots have already been placed on the plan.

**Stick the pots from the annexe on the plan.**
