

### Question 9: Scritch

Scritch, the little monkey, wants to get out through the door. To open the door he first needs to get the key. Here are the keys you need to press so the he can move:

→	Go straight ahead one brick
↻	Turn round to the right for a quarter turn staying on the brick
↺	Turn round to the left for a quarter turn staying on the brick
↑	Go up onto the one brick in front of him
↓	Go down onto the one brick behind him

Scritch wants to make the smallest number of moves as possible.

**Stick the keys to your answer sheet in the order the Scritch should follow to get out.**
